1. INTRODUCTION

1.1. RFP Purpose

NYMTC, through its administrative host, NYSDOT, is releasing this Non-Architectural/Engineering RFP to seek services from a responsive and responsible Consultant (or team of consultants) to develop a feasibility study for an interstate Shared Use Path in Palisades Interstate Park between the George Washington Bridge and the Governor Mario M. Cuomo Bridge.

This federally funded study will be managed by the NYMTC Project Manager and guided by NYMTC's Mid-Hudson South Transportation Coordinating Committee (TCC). The TCC will be responsible to the federal funding agencies for meeting all federal requirements for the implementation and completion of the study. Prior to the commencement of consultant work, members of the TCC and the NYMTC Project Manager will form a Technical Advisory Committee (TAC) comprised of representatives of municipalities and relevant Rockland County, New York State and New Jersey agencies and authorities.

It is expressly understood that this RFP does not commit NYSDOT to award a contract, pay any costs incurred in the preparation of Proposals to this request, or to procure or contract services or supplies. Further, NYSDOT shall have no obligation or liability whatsoever to the vendor selected as a result of this solicitation unless and until a contract satisfactory to NYSDOT is approved and executed by the vendor and all necessary State officials. All management decisions regarding this RFP shall be made by NYSDOT management in consultation with NYMTC management.

1.2. Background

NYMTC is the officially designated Metropolitan Planning Organization for New York City, Long Island, and the lower Hudson Valley portion of New York State. Comprised of regional governments, NYMTC is a council that provides a collaborative planning forum to address transportation-related issues, develop regional plans and make decisions on the use of federal transportation funds within its planning area, which encompasses an area of 2,440 square miles and a population of 12.4 million, approximately 64 percent of New York State's population, based on the 2010 Census. The region has one of the most extensive transportation networks in the world with 477 route miles of commuter rail, 225 route miles of rail rapid transit, 22,870 centerline miles of roads, streets, and highways, as well as several commercial airports and maritime facilities for the movement of passengers and goods.

NYMTC members are elected officials and heads of transportation and environmental agencies. The council is comprised of nine voting members and seven advisory members. The voting member agencies include NYSDOT, the New York City Department of Transportation, the New York City Department of City Planning, the Metropolitan Transportation Authority, and executives from Nassau County, Suffolk County, Putnam County, Rockland County, and Westchester County. NYMTC's advisory member agencies include the Federal Highway Administration, the Federal Transit Administration, the United States Environmental Protection Agency, the New York State Department of Environmental Conservation, the Port Authority of New York and New Jersey (PANYNJ), the North Jersey Transportation Planning Authority (NJTPA), and New Jersey Transit. 2. CIVIL RIGHTS REQUIREMENTS

2.1. Disadvantaged Business Enterprise Participation Requirements

While not indicative of a Proposer's individual merit (technical excellence, Proposer's ability, experience, etc.), NYMTC/NYS DOT encourage the participation of certified Disadvantaged Business Enterprises (DBEs) in its solicitations. The level of DBE participation will be relevant to the process of selecting Proposals that will achieve the overall goals of the Department. Please visit the New York Certification Program (NYSUCP) DBE Directory for certified Disadvantaged Business Enterprises via <https://nysucp.newnycontracts.com>.

For this specific procurement, NYSDOT has established a DBE participation goal of 12.85%. Meaningful participation by either a prime consultant **who is certified as a NYSUCP DBE** or inclusion of subconsultant(s) **who is/are certified as a NYSUCP DBE** count towards the DBE participation goal. Meaningful participation is defined as providing commercially useful functions or services. These services should:

1. Result in a product or service distinguishable from the Prime Consultant's product or service or be a part of the services provided by the Prime Consultant;
2. Be for scope of service elements which can be and are completely performed, supervised, and managed by the DBE consultant; and/or
3. Perform significant tasks which can be considered commercially marketable.

Interested Proposers should verify their attainment of the above established DBE participation goal by completing Attachment 9: DBE Participation Information. To count towards the Department's DBE goal, a firm offering DBE participation must be currently certified by the NYSUCP DBE Directory. If the Proposal does not meet the 12.85% DBE participation goal, the firm must provide evidence of a good faith effort by completing Attachment 10: DBE Subconsultant Participation Solicitation Log. **Additionally, if the Proposer does not meet the specified goal**, the Proposer must provide a **Goal Attainment Explanation Letter** explaining why the Proposer was unable to meet the DBE participation goal (in full or if partially), which serves to substantiate the Proposer's good faith effort. The letter should include sufficient justification as to why the goal was not met or was met partially and should, at a minimum, address the following factors: the Proposer's method of accomplishing the work, the subcontracting opportunities associated with the proposed approach and scope of services, the availability of certified firms for the work to be performed by either a prime consultant or via subcontract.

The above forms and letter must be included in Part III: Administrative Proposal. Firms are advised to refer to RFP section 6 Proposal Evaluation Process in the DBE Goal Attainment/GFE Acceptance Review section for the procedure by which NYMTC/NYS DOT will follow in evaluating a firm's proposed DBE participation.

2.4. Title VI Assurance

The New York State Department of Transportation (NYSDOT), in accordance with Title VI of the Civil Rights Act of 1954, 78 Stat. 252, 42 U.S.C. 2000d to 2000d-4 and Title 49, Code of Federal Regulations, U.S. Department of Transportation, Subtitle A, Office of the Secretary, Part 21, Nondiscrimination in Federally-assisted programs of the U.S. Department of Transportation and Title 23, Code of Federal Regulations, Part 200, Title VI Program and Related Statutes, as amended, issued pursuant to such Act, hereby notifies all who respond to a written solicitation, request for Proposal, or invitation for bid, that it will affirmatively insure that in any contract entered into pursuant to this advertisement, disadvantaged business enterprises will be afforded full opportunity to submit bids in response to this invitation and will not be discriminated against on the grounds of race, color, national origin, sex, age, disability/handicap and income status in consideration for award.

2.5. Equal Employment Opportunity

In accordance with New York State Executive Order 162, issued on January 9, 2017, the Consultant shall provide workforce utilization reports in accordance with RFP Attachment 1, Draft Contract.

3. PROJECT AND CONTRACT OBJECTIVES

3.1. Project Objectives

Palisades Interstate Park is a linear park and recreation area connecting Bergen County, New Jersey and Rockland County, New York along the Hudson River. It is traversed by U.S. 9W and the Palisades Interstate Parkway. U.S. 9W is a busy corridor for bicycles traveling between the George Washington Bridge and points north through Bergen and Rockland Counties. This corridor is the southern part of New York State Bicycle Route 9 which connects New York City to Rouses Point on the Canadian Border.

The recent completion of the Governor Mario M. Cuomo Bridge shared use path and the pending upgrades to the George Washington Bridge shared use paths are projected to increase bicycle traffic along the U.S. 9W corridor between these two bridges. The Palisades Interstate Park Shared Use Path Feasibility Study will determine the feasibility of a separated shared use path between the two bridges and other enhancements to pedestrian and bicycling (ped/bike) access along the Palisades Interstate Parkway right of way and U.S. 9W corridor through Palisades Interstate Park.

The anticipated study limits are the vicinity of Palisades Interstate Park between the George Washington Bridge in Fort Lee, NJ to the Governor Mario M. Cuomo Bridge in Nyack, NY, primarily along the Palisades Interstate Parkway right-of-way and U.S. 9W corridor through Bergen (NJ) and Rockland (NY) counties, approximately 20 miles in length. This will be broken into two sections: along the Palisades Interstate Parkway between the George Washington Bridge and Exit 4, and along a combination of the Palisades Interstate Parkway right-of-way, U.S. 9W and existing rail trails between Exit 4 on the Palisades Interstate Parkway and the entrance to the Governor Mario M. Cuomo Bridge shared use path in South Nyack, NY.

During this effort, the Consultant shall identify and preserve study data/elements that can be used for Planning and Environmental Linkages purposes.

3.2. Contract Objectives

CONSULTANT SELECTION: The main objective of this solicitation is to select one responsive, responsible and fully qualified consultant, or team of consultants, using NYSDOT's Best Value method based on a fair, equitable and thorough examination of Proposals submitted in response to the RFP. The second objective is to meet the NYSDOT established 12.85% Disadvantaged Business Enterprises (DBE) participation goal for this solicitation. Please see section RFP section 2.1 'Disadvantaged Business Enterprise Participation Requirements' for detail on DBE participation.

DRAFT CONTRACT ACCEPTANCE: The RFP's Draft Contract Terms and Conditions (Attachment 1: Draft Contract) shall be accepted as is, after all interested parties have been given sufficient opportunity to review and ask questions regarding the draft's contract's terms and conditions prior to the submission of Proposals.

FAIR AND EQUITABLE TREATMENT: All Proposers participating in the competitive selection process will be treated fairly and equitably.

CONTRACT TERM: The base term of each contract awarded under this RFP will be for twenty-four (24) months or two (2) contract years commencing from the contract start date. The contract may be extended for up to one 12-month term extension upon written agreement of NYMTC, NYSDOT, and the Consultant and approval of the New York State Office of the Attorney General, the New York State Office of the State Comptroller and the Federal Highway Administration (FHWA) as applicable. The estimated start is February 1, 2023.

If the contract is extended for the optional year, the Producer Price Index (PPI) as published by the U.S. Department of Labor, Bureau of Labor Statistics, or 2%, whichever is lower, will be used as a basis for adjusting the hourly rates/lump sum deliverable amounts. The rate adjustment will be effective on January 1 and calculated using the previous September Index, using Series ID PCU5413--5413--(Architectural, engineering, and related services: http://data.bls.gov/timeseries/PCU5413--5413--?data_tool=XGtable). If at any time the above Index Series ID is discontinued or becomes unavailable, the State reserves the right to implement a comparable Index.

An example of the rate adjustment calculation is as follows (all numbers and titles used are for illustrative purposes only):

QAT-2 Auditor 1/1/12 - 12/31/12 Billing Rate	\$29.00/Hour
October 2012 PPI Index (PCU5413--5413--)	132.1
October 2011 PPI Index (PCU5413--5413--)	130.0
Index Point Change	2.1
Divided by previous Index	130.0
Percent change, rounded to nearest tenth	1.6%
QAT-2 Auditor 1/1/13 – 12/31/13 Billing Rate (\$29 x 1.016)	\$29.46/Hour

If the actual start of the contract is substantially different than the above estimated date, then the effective date for the rate adjustment will be similarly changed.

The State reserves the right to negotiate a lower rate adjustment than stated above for the one additional one-year extension.

GOOD FAITH: Consultants are expected to work with, communicate with, and negotiate with, NYMTC/NYS DOT in good faith. Consultants shall not knowingly misrepresent any products and services, relevant information, themselves, or their Subconsultants. Consultants are also expected to demonstrate good faith efforts towards the attainment of any identified and applicable civil rights participation goals.

The Consultant shall identify up to five potential rights-of-way, in consultation with the NYMTC Project Manager, whether within the existing right-of-way of the Palisades Interstate Parkway, U.S. 9W, and/or nearby rail trails, including the Joseph B. Clarke Rail Trail and the Old Erie Path (Raymond G. Esposito Trail). These potential rights-of-way will be determined based on feasibility, safety (i.e., accident/collision data involving cyclists and pedestrians along the corridor), community input and anticipated demand. 4.3. Task 3: Community Visioning

In consultation with the NYMTC Project Manager, the Consultant shall develop a recommended approach to community visioning for the consideration of the TCC and approval by the NYMTC Project Manager. This shall include developing a virtual workshop itinerary to identify corridor issues and gather input on the right-of-way alternatives that were identified in Task 2.

The Consultant shall present the suite of visualized study area profiles to the TAC and at each of the workshops. The visualized study shall also be made available via the web portal.

Using an online community web portal developed by the Consultant, the Consultant shall plan, organize, advertise and implement up to five virtual public community visioning workshops per the Outreach Program. NOTE: The proposer may suggest alternative tasks which could improve the ability of the project to meet its objectives. NYMTC/NYS DOT want to allow maximum flexibility for the inclusion and consideration of ideas, initiative and creativity of the proposer. Alternative tasks and suggestions are encouraged and will be reviewed with interest within the framework of the stated objectives and scope of services for the project. Deviations which meet the RFP's goals and objectives, and which address all Consultant personnel items specified in this RFP shall be evaluated. The proposer must fully explain and justify the approach.

The proposer shall also include a schedule for completion of the project tasks showing the duration of each task and all major milestones and include a list of technical assumptions.

If a proposer grossly departs from the scope of services in this RFP, without justification and merit, it may be found non-responsive.

Failure to accept the RFP's draft contract is an automatic condition of non-award. Firms are encouraged to fully examine the RFP's draft contract. 6. PROPOSAL EVALUATION PROCESS

Proposal Due Date

All Proposals must be electronically received by NYMTC and by NYSDOT Contract Management by October 31, 2022 at 2 PM EDT. Any Proposals received after that time/date shall not be evaluated further but shall become NYSDOT property.

Proposal Opening, Log-in and Certification

Proposals received on or prior to the Proposal due date and time will be opened, certified as received, and inventoried for completeness and responsiveness. For Proposals received before/on the due date, firms may receive clarification questions/requests based upon the response completeness checks, with any requested clarification information due back to NYMTC/NYS DOT by COB that same day.

Pre-screening

Once logged in, NYMTC/NYS DOT shall pre-screened proposals to determine if all received proposals pass the RFP's mandatory requirements. Proposals passing all mandatory requirements shall be screened to determine if all proposals meet all minimum RFP responsiveness, referenced in Section 1.4, and detailed in Table 1, Table 2, and Table 3. Proposals which do not meet all mandatory requirements shall be deemed non-responsive; proposals which fail to meet all minimum responsiveness requirements may be deemed non-responsive. Any proposal deemed to be non-responsive shall be removed from further consideration. NYMTC/NYS DOT will conduct a pre-screening of each Proposal received by the Proposal due date. It is NYMTC's/NYS DOT's sole discretionary determination as to whether a Proposal is complete.

Proposals passing pre-screening shall then be evaluated using a best value method which considers a combination of technical and cost criteria as described below. Technical considerations are of greater importance than cost considerations; however, cost is a significant factor in the evaluation of Proposals.

DBE Goal Attainment/GFE Acceptance Review

As part of the pre-screening process, the proposed DBE participation percentages offered for NYSUCP certified prime consultants and/or NYSUCP certified subconsultants will be reviewed (Attachment 9: DBE Participation Information). To count towards the Department's DBE participation goal, each firm must be currently listed in the NYSUCP Directory. If the proposed DBE participation is less than the established goal for this solicitation, the firm's evidence of a Good Faith Effort (Attachment 10: DBE Subconsultant Participation Solicitation Log) to achieve the goal will be reviewed, along with the firm's letter of explanation (Goal Attainment Explanation Letter) as to why it was unable to meet the goal. During the review process, which will include verification of a firm's Good Faith Effort evidence, if it is determined by the Department that the firm did not provide an acceptable Good Faith Effort, then the proposal may be deemed non-responsive. Any proposals deemed non-responsive shall be removed from further consideration. Offerors whose proposals are deemed nonresponsive will be notified, in writing, of their elimination. A firm's good faith efforts to secure participation by DBEs may be susceptible to FHWA's administrative reconsideration' process.

6.1. Evaluation Category Weight Distribution

Proposals will be evaluated using a best value method based upon a 100 total point scale. The Technical and Management Proposal will be evaluated and point scored against a maximum perfect score of 75 best value points. The Cost Proposal will be evaluated for RFP instruction compliance and reasonableness, with the total lowest Cost Proposal receiving a perfect best value score of 25 points. The Administrative Proposal will not be point scored but will be evaluated for compliance with the RFP's mandatory and minimum Proposal submission requirements as cited in RFP's Part III: Administrative Proposal section. A more detailed breakdown of the RFP's technical and Cost Proposal factors follows.

6.2. Technical and Management Proposal Evaluation (Up to 75 Points)

Technical evaluation of Proposals will be accomplished by the members of a Technical Evaluation Committee (TEC) comprised of appropriate technical, program and management subject matter experts. An evaluator package shall be prepared and submitted to members of the TEC; this package shall contain evaluator instructions, evaluation instruments and shall become part of the procurement record. The TEC shall be briefed on the Proposal evaluation process prior to distribution of Proposals. Members of the TEC agree to sign confidential non-disclosure agreements and conflict of interest statements.

Members of the TEC will evaluate and score each proposal separately and individually. Each evaluator shall measure the degree of responsiveness of each proposal against the RFP's specifications and requirements using the RFP's evaluation factors. Members of the TEC shall document their responsiveness findings and record a whole number numerical score. TEC evaluation shall result in average weighted Technical and Management Proposal scores by firm.

Technical proposals shall not be compared to each other. Instead, the TEC shall independently measure responsiveness of each proposal against the RFP's technical requirements and specifications.

The technical evaluation criteria listed below, in descending order of importance, shall be used by the TEC to measure proposed technical responsiveness:

- 1. Quality of Proposal**
 - a. Degree to which proposal reflects understanding and comprehension of project scope and objectives.
 - b. Quality of proposer's resources relative to the needs of the project.
- 2. Experience and Approach**
 - a. Quality, extent and relevance of experience, education and training of key personnel.
 - b. Quality, extent and relevance of current and prior experience of the firm.
- 3. Organization and Staffing**
 - a. Quality of project organization; reasonableness of staff/task allocations for each task and total effort.
 - b. Quality of plan for phasing key personnel into project.
- 4. Public Participation Expertise**
 - a. Quality, extent and relevance of Public Involvement Expertise.

Reference Checks: Reference checks (to verify offered experience) may be required to complete the evaluation of technical proposals. In cases where TEC members are unfamiliar with a firm's work or NYSDOT does not have prior consultant performance documentation, the TEC may request verification of a firm's offered references. Subject references shall be contacted by via a standard reference check questionnaire they shall have three business days to respond. Reference check feedback shall be forwarded to the TEC for their considerations during the group discussion phase. Evaluators will be allowed to revise their technical scores based on consideration of this additional information and their follow-up discussions. Changes to scores and their reasons shall documented.

Clarification Questions: NYMTC and NYSDOT reserve the right to seek written clarification responses from firms submitting Proposals in order to assure a full understanding of their responsiveness to the solicitation's technical requirements throughout the entire Proposal evaluation process. If written clarifications, based upon Proposal review, are requested by the Technical Evaluation Committee (TEC), all firms submitting proposals shall receive written clarification questions via e-mail, with three business days to respond. Evaluators will be allowed to revise their technical evaluation scores based on receipt and consideration of this additional clarifying information, and group discussions if such are deemed necessary. Reasons for any score changes shall be documented.

6.3. Cost Proposal Evaluation (Up to 25 Points)

The Cost Proposal shall be evaluated and point scored and will represent 25 points of the total best value score for a proposal. The calculation of a cost score will be determined by comparing the proposed total lump sum cost for each proposer. The proposer with the lowest proposed total lump sum cost will receive a perfected cost score of 25. Higher priced cost proposals will receive proportionally lower cost scores.

6.4. Initial Best Value Determination

Perfected cost scoring results will be added to the initial, average technical proposal scores, generating an initial best value score by firm. Firms shall be ranked in initial best value score order (highest to lowest).

Should any firm withdraw their proposal during the proposal evaluation process, NYSDOT will remove that firm's technical and cost information from the Best Value evaluation documentation and shall recalculate the remaining field's technical and cost scores (without the withdrawn firm's information).

6.5. Best & Final Offer (BAFO; Optional) & Proposal Withdrawal

The Department reserves the right to request Best and Final Offers from firms which make the shortlist. Any Best and Final Offer request may ask additional further clarifying technical and/or cost proposal questions of firms to further clarify their submitted proposals. NYSDOT also may request a cost only BAFO. Should NYSDOT opt to request BAFOs, all responsive firms will receive a BAFO request. Responding firms will be allowed to submit a Best and Final Offer (technical and/or cost); firms may opt to not submit a BAFO. Evaluators will be allowed to revise their technical scores for the proposal based on their consideration of any new or changed Technical and Management Proposal information contained in any Best and Final Offer (will re-sign/re-date the applicable hardcopy score sheets). If changes to a firm's Technical and Management Proposal lead to corresponding, necessary revisions to their Cost Proposal (or should a firm opt to clarify their cost proposal) or should the Department opt to request cost-only

BAFOs, the Department's Contract Management representative shall make the necessary, appropriate adjustments to that firm's cost proposal evaluation.

Should any firm withdraw their proposal after a possible BAFO request, NYSDOT will remove that firm's technical and cost information from the Best Value evaluation documentation and shall recalculate the remaining field's technical and cost scores (without the withdrawn firm's information).

6.6. Final Best Value Evaluation

After evaluation of all technical information submitted by competing consultants (i.e., initial technical and management proposals, written clarifications, and possible Best and Final Offers), perfected cost scoring results will be added to the average weighted Technical and Management scores to derive Final Best Value Scores.

Tie-Breaking Rule: Should any of the tentative final Best Value scores of one or more proposals competing for the contract award lie within one and one-half points of each other, then State Finance Law Section 163(10)(a) shall be used to settle any ties.,

Once all possible score ties have cleared, NYMTC/NYSDOT will determine the Final Best Value Score, where after the proposal with the highest Final Best Value score shall be recommended to NYMTC/NYSDOT Executive Management for contract award for contract #C004306.

6.7. Consultant Selection Recommendation & Tentative Contract Award

A consultant selection and designation memo shall be prepared and forwarded to the applicable NYSDOT Executive Manager(s) with an accompanying proposal evaluation process results report. The memo shall recommend selection of the top-ranked Best Value Consultant for tentative contract award of #C004306 to NYSDOT Executive Management. The Executive Manager will be asked to concur with the final conclusion of the proposal evaluation process - a recommendation for the tentative contract awards for the Department - and designate the top-Best Value rated consultant based upon the above results.

Should negotiations with the top-ranked Best Value Consultant fail to produce agreed-upon contracts, then NYSDOT Executive Management will designate and award contract #C004306 to the next highest-ranked Best Value Consultant. The Department will then enter into negotiations with the second-highest rated Consultant. This process may repeat itself until acceptable contracts are consummated. The consultant designation becomes final after the NYS Office of the State Comptroller approves Contract #C004306.

The designation shall be publicly posted. Once the public has been notified of the solicitation's results, negotiations with the selected Consultant can commence. The final contract is subject to approval by NYSDOT, the Attorney General, and the Office of the State Comptroller, and is not binding until such approval is received.

At the conclusion of the proposal evaluation process, an announcement of NYSDOT's designation(s) will be posted the 'Consulting Services' listing on NYSDOT's website via: <https://www.dot.ny.gov/business>. All proposers will be notified in writing regarding the results from the solicitation. **All non-designated firms will be offered an opportunity to request a debriefing.**

It is expressly understood that this RFP does not commit NYSDOT to award a contract, to pay any costs incurred in the preparation of a proposal to this request, or to procure or contract services or supplies. Further, NYSDOT shall have no obligation or liability whatsoever to the

vendor selected as a result of this solicitation, unless and until a contract satisfactory to NYSDOT is approved and executed by the vendor and all necessary State officials.

6.8. NYSDOT Protest Procedure

NYSDOT has established a protest procedure to be utilized when an interested party challenges a Non-Engineering Consultant designation by NYSDOT. The complete procedure can be accessed via: <https://www.dot.ny.gov/main/business-center/consultants/general-info>.

7. ADMINISTRATIVE SPECIFICATIONS

7.1. State's Rights

- b. A copy of this opinion must be on file in the Consultant's office and available for review by NYSDOT if requested.
- c. Failure to obtain New York State Joint Commission on Public Ethics approval for an individual's participation in a project may jeopardize the firm's designation for that project.

7.3. Method of Payment

Payment for services provided under the agreement resulting from this RFP shall be fixed for the duration of the agreement unless changed by an executed supplemental agreement. Based on the total proposed lump sum cost, provide a milestone payment schedule which sets forth a proposed percentage/dollar amounts of the lump sum for each key deliverable for which payment would be requested. Specify any annual fees, which are due or payable during the first month of each contract year. Partial deliverables, where appropriate, are allowed. Any 'Extra Work' payments added to the contract after award via negotiated time and material requirements shall be added as fixed lump sum milestone payments.

The Consultant will designate a Billing Representative who will be responsible for resolving any invoicing issues during the term of the Contract. The cost for any additional services shall be negotiated and agreed upon by both parties using the Agreement's fixed labor rates.

Payment will be based on the acceptance of completed deliverables by phase or by month as identified in RFP Section 4 Scope of Services and as codified by Schedule B of the RFP's draft contract. A proposed payment schedule is included in Attachment 14: Key Personnel Experience. Any Extra Work added to the contract after award shall be paid for via the agreed-upon, not-to-exceed labor rates negotiated via the rates proposed in Attachment 15: Cost Proposal, with reasonable reimbursement for agreed-upon out-of-pocket expenses (subject to New York State reimbursement limitations).

Requests for progress payments and final payments shall be made by the designated consultant on standard payment request forms (FIN-421). Use proper procedures for billing each deliverable. Submit a draft billing to NYMTC's assigned Project Manager via the following sample electronic billing: <https://www.dot.ny.gov/main/business-center/consultants/forms-publications-and-instructions>.

The sample spreadsheet contains all of the proper, required billing forms, as well as a sample billing. The Project Manager will respond via email either with comments/corrections or with an approval to submit the final billing via signed electronic copy. The last and final payment will become due and payable within thirty (30) days after delivery of the final deliverable(s) and standard NYS FIN 421 payment request form.

7.4. Information for Selected Consultant(s)

Registration with NYSDOT

Consultant firms entering into contracts with the New York State Department of Transportation (NYSDOT) as prime consultants, joint venture partners, or subconsultants, are required to electronically register their firm using the Consultant Selection System web application (CSSWeb) by creating and registering an account to: 1) create and assign Consultant Identification Numbers (CINs) for each office registered by the firm; 2) provide general firm information including, but not limited to, legal name, Federal Identification Number (FEIN), ownership type, DBE/MBE/WBE status, firm principals, and office(s) address information. All consultant firms participating in a potential Contract must be registered electronically with NYSDOT prior to that Contract being forwarded to the Office of the State Comptroller for approval. Registered firms are responsible for verifying and updating their registration information for the duration of the Contract.

Consultant Firm Registration instructions are available at:

<https://www.dot.ny.gov/main/business-center/consultants/forms-publications-and-instructions>

Questions regarding the CSSWeb application and firm registration should be directed to the CSSWeb administrator at css@dot.ny.gov or by telephone at (518) 457-2600.

Registration with Statewide Financial System (SFS)

Should this solicitation lead to a designation, the Prime consultant(s) will be required to electronically register with the Statewide Financial System (SFS) – if not already registered. NYSDOT will initiate the registration process in the SFS application and then contact the Prime consultant to provide them with further direction for completion of the registration process. The result of this process is an established SFS vendor number assigned to the Prime Consultant. If a firm has already registered in SFS in conjunction with another procurement, it will not likely need to be registered for this opportunity. However, a SFS vendor number is firm name specific. Since many firms have different variations of their business identities, firms will be required to register in the name of the business entity that NYSDOT is doing business with.

<https://www.osc.state.ny.us/state-vendors>

Consultant Employment Disclosure Requirements

Prime consultants should become familiar with the Consultant Employment Disclosure requirements, which went into effect June 19, 2006 at https://www.dot.ny.gov/main/business-center/consultants/consultants-repository/contractor_instr_forms_a_b.pdf. The CONSULTANT, in accordance with their status as an independent contractor, covenants and agrees that they will conduct themselves consistent with such status, that they will neither hold themselves out as, nor claim to be, an officer or employee of the STATE by reason hereof, and that they will not, by reason hereof, make any claim, demand or application to or for any right or privilege applicable to an officer or employee of the STATE, including but not limited to, Workers' Compensation coverage, Unemployment Insurance Benefits, Social Security coverage or Retirement membership or credit.

ARTICLE 20 – COVENANT AGAINST CONTINGENT FEES

The CONSULTANT warrants that they have not employed or retained any company or person, other than a bona fide employee working for the CONSULTANT, to solicit or secure this Contract, and that they have not paid or agreed to pay any company or person, other than a bona fide employee, any fee, commission, percentage, brokerage fee, gift, or any other consideration, contingent upon or resulting from the award or making of this CONTRACT. For breach or violation of this warranty, the STATE shall have the right to annul this CONTRACT without liability, or, in its discretion, to deduct from the CONTRACT price or consideration, or otherwise recover, the full amount of such fee, commission, percentage, brokerage fee, gift, or contingent fee.

ARTICLE 21– TRANSFER OF AGREEMENT

The CONSULTANT specifically agrees, as required by State Finance Law, Section 138, that they are prohibited by law from assigning, transferring, conveying, subletting or otherwise disposing of the CONTRACT or of their right, title or interest therein, or their power to execute such CONTRACT, to any other person, company or corporation, without the previous consent in writing of the STATE.

If this provision of the law be violated, the STATE shall revoke and annul the CONTRACT and the STATE shall be relieved from any and all liability and obligations thereunder to the person, company or corporation to whom the CONSULTANT shall assign, transfer, convey, sublet or otherwise dispose of the CONTRACT, except so much as may be required to pay his employees.

ARTICLE 22 – PROPRIETARY RIGHTS

The CONSULTANT agrees that if copyrights, patentable discoveries or inventions or rights in data should result from work described herein, all rights accruing from such discoveries or inventions shall be the sole property of the CONSULTANT. However, the CONSULTANT agrees to and does hereby grant to the United States Government and the State of New York an irrevocable, nonexclusive, nontransferable paid-up license to reproduce, publish, make, use, and sell each subject invention throughout the world and by and on behalf of the Government of the United States and States and domestic municipal governments, all in accordance with the provisions of 48 CFR 1-27, and other applicable Federal laws, rules and regulations.

ARTICLE 23 – SUBCONTRACTORS/SUBCONSULTANTS

The CONSULTANT may arrange for a portion(s) of its responsibilities under this CONTRACT to be subcontracted to qualified, responsible subconsultants/subcontractors, subject to approval of the STATE. If the CONSULTANT determines to subcontract a portion of the services, the subconsultants/subcontractors must be clearly identified and the nature and extent of its involvement in and/or proposed performance under this CONTRACT must be fully explained by the CONSULTANT to the STATE. As part of this explanation, the subconsultant/subcontractor must submit to the STATE a completed Vendor Assurance of No Conflict of Interest or Detrimental Effect form, as required by the CONSULTANT prior to execution of this CONTRACT.

All subcontracts shall be in writing and shall contain provisions, which are functionally identical to, and consistent with, the provisions of this CONTRACT including, but not limited to, the body of this CONTRACT, Appendix A – Standard Clauses for New York State Contracts, and the advertisement for Proposals. Unless waived in writing by the STATE, all subcontracts between the CONSULTANT and subconsultants/subcontractors shall expressly name the STATE, through the DEPARTMENT, as the sole intended third party beneficiary of such subcontract. The STATE reserves the right to review and approve or reject any subcontract, as well as any amendment to said subcontract(s), and this right shall not make the STATE a party to any subcontract or create any right, claim, or interest in the subconsultant/subcontractor or proposed subconsultant/subcontractor against the STATE.

The STATE reserves the right, at any time during the term of the CONTRACT, to verify that the written subcontract between the CONSULTANT and subconsultants/subcontractors is in compliance with all provisions of this Section and any subcontract provisions contained in this CONTRACT.

The CONSULTANT shall give the STATE immediate notice of writing of the initiation of any legal action or suit which relates in any way to a subcontract with a subconsultant/subcontractor or which may affect the performance of the CONSULTANT's duties under the CONTRACT. Any subcontract shall not relieve the CONSULTANT in any way of any responsibility, duty, and/or obligation of the CONTRACT.

If at any time during the performance under this CONTRACT total compensation to a subconsultant/subcontractor exceeds or is expected to exceed \$100,000, that subconsultant/subcontractor shall be required to submit and certify a Vendor Responsibility Questionnaire.

ARTICLE 26 – RESPONSIBILITY OF THE CONSULTANT

The CONSULTANT shall be responsible for the professional quality, technical accuracy, and the coordination of all services furnished by the CONSULTANT under this CONTRACT. The CONSULTANT shall, without additional compensation, correct or revise any errors or deficiencies in its services. However, the STATE may in certain circumstances, provide compensation for such work.

Neither the STATE's review, approval, or acceptance of, nor payment for, the services required under this CONTRACT shall be construed to operate as a waiver of any rights under this CONTRACT or of any case of action arising out of the performance of this CONTRACT, and the CONSULTANT shall be and remain liable to the STATE in accordance with applicable law for all damages to the STATE caused by the CONSULTANT's negligent performance or breach of contract of any of the services furnished under the CONTRACT.

The rights and remedies of the STATE provided for under this CONTRACT are in addition to any other rights and remedies provided by law.

If the CONSULTANT is comprised of more than one legal entity or any group of partners or joint ventures associated for the purposes of undertaking this CONTRACT, each such entity acknowledges and hereby affirmatively represents and agrees that each has the power to bind the CONSULTANT and each of the others hereunder, and as such, each acts both as principals and agent of the CONSULTANT and of each of the others hereunder. Each further acknowledges and agrees that all such entities, partners or joint ventures associated for the purposes of undertaking this CONTRACT shall be jointly and severally liable to third parties, including, but not limited to the STATE, for acts or omissions of the CONSULTANT, or any other entity, partner or joint venture hereunder.

If the CONSULTANT is comprised of more than one legal entity or any group of partners or joint ventures associated for the purposes of undertaking this CONTRACT, each such entity acknowledges and hereby affirmatively represents and agrees that the respective rights, duties and liabilities of each hereunder shall be governed by the laws of the State of New York, including, but not limited to the New York Partnership Law.

ARTICLE 27 – SECURITY AND CONFIDENTIALITY OF INFORMATION

Information received as part of this CONTRACT shall be considered Confidential Information. The CONSULTANT warrants that it will take the appropriate steps as to its personnel, agents, officers, and any subcontractors/subconsultants regarding the obligations arising under this clause to insure such confidentiality. The CONSULTANT shall have written policies and/or business procedures in place which will protect Confidential Information from unauthorized disclosure, use, access, loss, alteration, or destruction. The CONSULTANT may disclose to other parties, as authorized by the NYSDOT Project Manager, or as described in the Lots, only the information necessary to perform services under this CONTRACT. However, the CONSULTANT shall in no circumstance, communicate with the public or news media without prior authorization from the State's designee. Neither shall the CONSULTANT disclose

information deemed confidential by the STATE nor shall the CONSULTANT disclose any other information obtained or developed in the performance of services under this CONTRACT without written authorization of the STATE. This warranty shall survive termination of this CONTRACT.

The CONSULTANT shall comply with the provisions of the New York State Information Security Breach and Notification Act, including General Business Law Section §89-aa and State Technology Law §208 as enacted by such Act or subsequently amended. In the event of an information security breach resulting in the unauthorized disclosure of personal information, the CONSULTANT shall be liable for the costs associated with such breach if caused by the CONSULTANT's negligence or willful acts or omissions, or the negligent or willful acts or omissions of the CONSULTANT's agents, officers, employees or subconsultants.

ARTICLE 28 – VENDOR RESPONSIBILITY

The Department of Transportation has undertaken an affirmative review of the CONSULTANT's responsibility in accordance with the applicable standards outlined in Comptroller's "Guide to Financial Operations", and based upon such review, reasonable assurance that the CONSULTANT is responsible has been determined.

General Responsibility: The CONSULTANT shall, at all times during the CONTRACT, remain responsible. The CONSULTANT agrees, if requested by the Commissioner of NYSDOT (or his or her designee), to present evidence of its continuing legal authority to do business in New York State, integrity, experience, ability, prior performance, and organization and financial capacity.

Suspension of Work (for Non-Responsibility): The Commissioner of NYSDOT (or his or her designee) in his or her sole discretion, reserves the right to suspend any or all activities under this CONTRACT at any time when he or she discovers information that calls into question the responsibility of the CONSULTANT. In the event of such suspension, the CONSULTANT will be given written notice outlining the particulars of such suspension order. Upon issuance of such notice, the CONSULTANT shall comply with the terms of the suspension order. CONTRACT activity may resume at such time as the Commissioner of NYSDOT (or his or her designee) issues a written notice authorizing the resumption of performance under the CONTRACT.

Termination (for Non-Responsibility): Upon written notice to the CONSULTANT, and a reasonable opportunity to be heard with appropriate NYSDOT or staff, the CONTRACT may be terminated by the Commissioner of NYSDOT (or his or her designee) at the CONSULTANT's expense where the CONSULTANT is determined by the Commissioner of NYSDOT (or his or her designee) to be non-responsible. In such event, the Commissioner of NYSDOT (or his or her designee) may complete the contractual requirements in any manner he or she may deem advisable and pursue legal or equitable remedies for such breach.

During the performance of this CONTRACT, the CONSULTANT, for itself, its assignees and successors in interest (hereinafter referred to as the "CONSULTANT") agrees as follows:

1. Compliance with Regulations: The CONSULTANT shall comply with the Regulation relative to nondiscrimination in Federally-assisted programs of the Department of Transportation of the United States, Title 49, Code of Federal Regulations, Part 21, and the Federal Regulations, Part 200 as they may be amended from time-to-time (hereinafter

referred to as the “Regulations”), which are herein incorporated by reference and made a part of this CONTRACT.

2. Nondiscrimination: The CONSULTANT, with regard to the work performed by it during the CONTRACT, shall not discriminate on the grounds of race, color, or national origin, sex, age, and disability/handicap in the selection and retention of subcontractors/subconsultants, including procurements or materials and leases of equipment. The CONSULTANT shall not participate either directly or indirectly in the discrimination prohibited by 49 CFR, Section 21.5 of the Regulations, including employment practices when the CONTRACT covers a program set forth in Appendix B of the Regulations.
3. Solicitations for Subcontractor/Subconsultants, Including Procurement of Materials and Equipment: In all solicitations either by competitive bidding or negotiation made by the CONSULTANT for work to be performed under a subcontract, including procurements of materials or leases of equipment, each potential subcontractor/subconsultant or supplier shall be notified by the CONSULTANT of the CONSULTANT’s obligations under this CONTRACT and the Regulations relative to nondiscrimination on the grounds of race, color, or national origin, sex, age, and disability/handicap.
4. Where any information required of a CONSULTANT is in the exclusive possession of another who fails or refuses to furnish this information the CONSULTANT shall so certify to NYSDOT’s Office of Civil Rights or FHWA, as appropriate, and shall set forth the efforts it has made to obtain the information.
5. Sanctions for Noncompliance: In the event of the CONSULTANT’s noncompliance with the nondiscrimination provisions of this CONTRACT, NYSDOT shall impose such contract sanctions as it or the FHWA may determine to be appropriate, including, but not limited to:

 - b. Cancellation, termination, or suspension of the CONTRACT in whole or in part.
6. Incorporation of Provisions: The CONSULTANT shall include the provisions of paragraphs 1 through 6 in every subcontract, including procurements of materials and leases of equipment, unless exempt by the Regulations, or directives issued pursuant thereto.

The CONSULTANT shall take such action with respect to any subcontract or procurement as NYSDOT or the FHWA may direct as a means of enforcing such provisions including sanctions for non-compliance. Provided, however, that, in the event a CONSULTANT becomes involved in, or is threatened with, litigation with a subcontractor or supplier as a result of such direction, the CONSULTANT may request NYSDOT to enter into such litigation to protect the interests of NYSDOT, and, in addition, the CONSULTANT may request the United States to enter into such litigation to protect the interest of the United States.

ARTICLE 32 – ENSURING PAY EQUITY BY STATE CONSULTANTS/ CONTRACTORS

In accordance with Executive Order 162, issued on January 9, 2017, the CONSULTANT shall provide detailed workforce utilization reports of the CONSULTANT and each subconsultant/subcontractor that include, in addition to equal employment opportunity information, the job title and salary of each employee directly performing work on a STATE contract.

If the CONSULTANT cannot identify the individuals working directly on a STATE contract, then the CONSULTANT and each subconsultant/subcontractor shall provide such information of each employee in the CONSULTANT's entire workforce. Such information shall be reported to NYSDOT at quarterly intervals.

The reporting period shall be on a quarterly basis (January 1 through March 31, April 1 through June 30, July 1 through September 30, and October 1 through December 31). The reporting requirement shall begin on the effective date of the CONTRACT and continue for the duration of the CONTRACT term. Reports shall be submitted within 15 calendar days from the end of each reporting period.

Detailed workforce utilization reports, as required above, shall be submitted in such form and in such manner as shall be required by NYSDOT and as in accordance with Consultant Instruction 17-02.

The CONSULTANT shall include this provision in every subcontract so that such provisions shall be binding upon each subconsultant/subcontractor, of the subcontract is in excess of \$25,000.

ARTICLE 33 – CONFLICTS OF INTEREST

The CONSULTANT has provided a form (Vendor Assurance of No Conflict of Interest or Detrimental Effect), signed by an authorized executive or legal representative attesting that the CONSULTANT's performance of the services does not and will not create a conflict of interest with, nor position the CONSULTANT to breach any other contract currently in force with the State of New York, that the CONSULTANT will not act in any manner that is detrimental to any STATE project on which the CONSULTANT is rendering services.

The CONSULTANT hereby affirms the attestations made in its Proposal and covenants and represents that there is and shall be no actual or potential conflict of interest that could prevent the CONSULTANT's satisfactory or ethical performance of duties required to be performed pursuant to the terms of this CONTRACT. The CONSULTANT shall have a duty to notify the STATE immediately of any actual or potential conflicts of interest.

In conjunction with any subcontract under this CONTRACT, the CONSULTANT shall obtain and deliver to the STATE, prior to entering a subcontract, a Vendor Assurance of No Conflict of Interest or Detrimental Effect form, signed by an authorized executive or legal representative of the subconsultant/subcontractor. The CONSULTANT shall also require in any subcontracting agreement that the subconsultant/subcontractor, in conjunction with any further subconsulting agreement, obtain and deliver to the STATE a signed and completed Vendor Assurance of No Conflict of Interest or Detrimental Effect form for each of its subconsultants/subcontractors prior to entering into a subcontract.

The STATE and the CONSULTANT recognize that conflicts may occur in the future because the CONSULTANT may have existing, or established new, relationships. The STATE will review the nature of any relationship and reserves the right to terminate this CONTRACT for any reason, or for cause, if, in the judgement of the STATE, a real or potential conflict of interest cannot be cured.

ARTICLE 34 – ETHICS REQUIREMENTS

The CONSULTANT and its subconsultants/subcontractors shall not engage any person who is, or has been at any time, in the employ of the STATE to perform services in violation of the provisions of the New York Public Officers Law, other laws applicable to the service of STATE employees, and the rules, regulations, opinions, guidelines, or policies promulgated or issued by the New York State Joint Commission on Public Ethics, or its predecessors (collectively the "Ethics Requirements"). The CONSULTANT certifies that all of its employees and those of its subconsultants/subcontractors who are former employees of the STATE who are assigned to perform services under this CONTRACT shall be assigned in accordance with all Ethics Requirements. During the term, no person who is employed by the CONSULTANT or its subconsultants/subcontractors and who is disqualified from providing services under this CONTRACT pursuant to any Ethics Requirements may share in any net revenues of the CONSULTANT or its subconsultants/subcontractors derived from this CONTRACT. The CONSULTANT shall identify and provide the STATE with notice of those employees of the CONSULTANT and its subconsultants/subcontractors who are former employees of the STATE that will be assigned to perform services under this CONTRACT, and make sure that such employees comply with all applicable laws and prohibitions. The STATE may request that the CONSULTANT provide it with whatever information the STATE deems appropriate about each such person's engagement, work cooperatively with the STATE to solicit advice from the New

York State Joint Commission on Public Ethics, and, if deemed appropriate by the STATE, instruct any such person to seek the opinion of the New York State Joint Commission on Public Ethics. The STATE shall have the right to withdraw or withhold approval of any subconsultant/subcontractor if utilizing such subconsultant/subcontractor for any work performed hereunder would be in conflict with any of the Ethics Requirements. The STATE shall have the right to terminate this CONTRACT at any time if any work performed hereunder is in conflict with any of the Ethics Requirements.

IN WITNESS WHEREOF, this CONTRACT No. **C004306** has been executed by the STATE, acting by and through the Commissioner of Transportation, and the CONSULTANT, by signature below, has duly executed this CONTRACT effective the date and year first above written.

APPENDIX A

STANDARD CLAUSES FOR NEW YORK STATE CONTRACTS

The parties to the attached contract, license, lease, amendment or other agreement of any kind (hereinafter, "the contract" or "this contract") agree to be bound by the following clauses which are hereby made a part of the contract (the word "Contractor" herein refers to any party other than the State, whether a contractor, licenser, licensee, lessor, lessee or any other party):

1. **EXECUTORY CLAUSE.** In accordance with Section 41 of the State Finance Law, the State shall have no liability under this contract to the Contractor or to anyone else beyond funds appropriated and available for this contract.

2. **NON-ASSIGNMENT CLAUSE.** In accordance with Section 138 of the State Finance Law, this contract may not be assigned by the Contractor or its right, title or interest therein assigned, transferred, conveyed, sublet or otherwise disposed of without the State's previous written consent, and attempts to do so are null and void. Notwithstanding the foregoing, such prior written consent of an assignment of a contract let pursuant to Article XI of the State Finance Law may be waived at the discretion of the contracting agency and with the concurrence of the State Comptroller where the original contract was subject to the State Comptroller's approval, where the assignment is due to a reorganization, merger or consolidation of the Contractor's business entity or enterprise. The State retains its right to approve an assignment and to require that any Contractor demonstrate its responsibility to do business with the State. The Contractor may, however, assign its right to receive payments without the State's prior written consent unless this contract concerns Certificates of Participation pursuant to Article 5-A of the State Finance Law.

3. **COMPTROLLER'S APPROVAL.** In accordance with Section 112 of the State Finance Law (or, if this contract is with the State University or City University of New York, Section 355 or Section 6218 of the Education Law), if this contract exceeds \$50,000 (or the minimum thresholds agreed to by the Office of the State Comptroller for certain S.U.N.Y. and C.U.N.Y. contracts), or if this is an amendment for any amount to a contract which, as so amended, exceeds said statutory amount, or if, by this contract, the State agrees to give something other than money when the value or reasonably estimated value of such consideration exceeds \$25,000, it shall not be valid, effective or binding upon the State until it has been approved by the State Comptroller and filed in his office. Comptroller's approval of contracts let by the Office of General Services is required when such contracts exceed \$85,000 (State Finance Law § 163.6-a). However, such pre-approval shall not be required for any contract established as a centralized contract through the Office of General Services or for a purchase order or other transaction issued under such centralized contract.

4. **WORKERS' COMPENSATION BENEFITS.** In accordance with Section 142 of the State Finance Law, this contract shall be void and of no force and effect unless the Contractor shall provide and maintain coverage during the life of this contract for the benefit of such employees as are required to be covered by the provisions of the Workers' Compensation Law.

5. **NON-DISCRIMINATION REQUIREMENTS.** To the extent required by Article 15 of the Executive Law (also known as the Human Rights Law) and all other State and Federal statutory and constitutional non-discrimination provisions, the Contractor will not discriminate against any employee or applicant for employment, nor subject any individual to harassment, because of age, race, creed, color, national origin, sexual orientation, gender identity or expression, military status, sex, disability, predisposing genetic characteristics, familial status, marital status, or domestic violence victim status or because the individual has opposed any practices forbidden under the Human Rights Law or has filed a complaint, testified, or assisted in any proceeding under the Human Rights Law. Furthermore, in accordance with Section 220-e of the Labor Law, if this is a contract for the construction, alteration or repair of any public building or public work or for the manufacture, sale or distribution of materials, equipment or supplies, and to the extent that this contract shall be performed within the State of New York, Contractor agrees that neither it nor its subcontractors shall, by reason of race, creed, color, disability, sex, or national origin: (a) discriminate in hiring against any New York State citizen who is qualified and available to perform the work; or (b) discriminate against or intimidate any employee hired for the performance of work under this contract. If this is a building service contract as defined in Section 230 of the Labor Law, then, in accordance with Section 239 thereof, Contractor agrees that neither it nor its subcontractors shall by reason of race, creed, color, national origin, age, sex or disability: (a) discriminate in hiring against any New York State citizen who is qualified and available to perform the work; or (b) discriminate against or intimidate any employee hired for the performance of work under this contract. Contractor is subject to fines of \$50.00 per person per day for any violation of Section 220-e or Section

239 as well as possible termination of this contract and forfeiture of all moneys due hereunder for a second or subsequent violation.

6. WAGE AND HOURS PROVISIONS. If this is a public work contract covered by Article 8 of the Labor Law or a building service contract covered by Article 9 thereof, neither Contractor's employees nor the employees of its subcontractors may be required or permitted to work more than the number of hours or days stated in said statutes, except as otherwise provided in the Labor Law and as set forth in prevailing wage and supplement schedules issued by the State Labor Department. Furthermore, Contractor and its subcontractors must pay at least the prevailing wage rate and pay or provide the prevailing supplements, including the premium rates for overtime pay, as determined by the State Labor Department in accordance with the Labor Law. Additionally, effective April 28, 2008, if this is a public work contract covered by Article 8 of the Labor Law, the Contractor understands and agrees that the filing of payrolls in a manner consistent with Subdivision 3-a of Section 220 of the Labor Law shall be a condition precedent to payment by the State of any State approved sums due and owing for work done upon the project.

7. NON-COLLUSIVE BIDDING CERTIFICATION. In accordance with Section 139-d of the State Finance Law, if this contract was awarded based upon the submission of bids, Contractor affirms, under penalty of perjury, that its bid was arrived at independently and without collusion aimed at restricting competition. Contractor further affirms that, at the time Contractor submitted its bid, an authorized and responsible person executed and delivered to the State a non-collusive bidding certification on Contractor's behalf.

8. INTERNATIONAL BOYCOTT PROHIBITION. In accordance with Section 220-f of the Labor Law and Section 139-h of the State Finance Law, if this contract exceeds \$5,000, the Contractor agrees, as a material condition of the contract, that neither the Contractor nor any substantially owned or affiliated person, firm, partnership or corporation has participated, is participating, or shall participate in an international boycott in violation of the federal Export Administration Act of 1979 (50 USC App. Sections 2401 et seq.) or regulations thereunder. Federal employer identification number, (ii) the payee's Federal social security number, and/or (iii) the payee's Vendor Identification Number assigned by the Statewide Financial System. Failure to include such number or numbers may delay payment. Where the payee does not have such number or numbers, the payee, on its invoice or Claim for Payment, must give the reason or reasons why the payee does not have such number or numbers.

(b) Privacy Notification. (1) The authority to request the above personal information from a seller of goods or services or a lessor of real or personal property, and the authority to maintain such information, is found in Section 5 of the State Tax Law. Disclosure of this information by the seller or lessor to the State is mandatory. - (d) The Contractor acknowledges notice that the State may seek to obtain offset credits from foreign countries as a result of this contract and agrees to cooperate with the State in these efforts.

21. RECIPROCITY AND SANCTIONS PROVISIONS. Bidders are hereby notified that if their principal place of business is located in a country, nation, province, state or political subdivision that penalizes New York State vendors, and if the goods or services they offer will be substantially produced or performed outside New York State, the Omnibus Procurement Act 1994 and 2000 amendments (Chapter 684 and Chapter 383, respectively, codified in State Finance Law § 165(6) and Public Authorities Law § 2879(5))) require that they be denied contracts which they would otherwise obtain. NOTE: As of October 2019, the list of discriminatory jurisdictions subject to this provision includes the states of South Carolina, Alaska, West Virginia, Wyoming, Louisiana and Hawaii.

22. COMPLIANCE WITH BREACH NOTIFICATION AND DATA SECURITY LAWS. 24. PROCUREMENT LOBBYING. To the extent this agreement is a "procurement contract" as defined by State Finance Law §§ 139-j and 139-k, by signing this agreement the contractor certifies and affirms that all disclosures made in accordance with State Finance Law §§ 139-j and 139-k are complete, true and accurate. 25. CERTIFICATION OF REGISTRATION TO COLLECT SALES AND COMPENSATING USE TAX BY CERTAIN STATE CONTRACTORS, AFFILIATES AND SUBCONTRACTORS.

To the extent this agreement is a contract as defined by Tax Law § 5-a, if the contractor fails to make the certification required by Tax Law § 5-a or if during the term of the contract, the Department of Taxation and Finance or the covered agency, as defined by Tax Law § 5-a, discovers that the certification, made under penalty of perjury, is false, then such failure to file or false certification shall be a material breach of this contract and this contract may be terminated, by providing written notification to the Contractor in accordance with the terms of the agreement, if the covered agency determines that such action is in the best interest of the State.

26. IRAN DIVESTMENT ACT. By entering into this Agreement, Contractor certifies in accordance with State Finance Law § 165-a that it is not on the “Entities Determined to be Non-Responsive Bidders/Offerers pursuant to the New York State Iran Divestment Act of 2012” (“Prohibited Entities List”) posted at: <https://ogs.ny.gov/list-entities-determined-be-non-responsive-biddersofferers-pursuant-nys-iran-divestment-act-2012>

Contractor also agrees that any proposed Assignee of this Contract will be required to certify that it is not on the Prohibited Entities List before the contract assignment will be approved by the State.

During the term of the Contract, should the state agency receive information that a person (as defined in State Finance Law § 165-a) is in violation of the above-referenced certifications, the state agency will review such information and offer the person an opportunity to respond. If the person fails to demonstrate that it has ceased its engagement in the investment activity which is in violation of the Act within 90 days after the determination of such violation, then the state agency shall take such action as may be appropriate and provided for by law, rule, or contract, including, but not limited to, imposing sanctions, seeking compliance, recovering damages, or declaring the Contractor in default.

The state agency reserves the right to reject any bid, request for assignment, renewal or extension for an entity that appears on the Prohibited Entities List prior to the award, assignment, renewal or extension of a contract, and to pursue a responsibility review with respect to any entity that is awarded a contract and appears on the Prohibited Entities list after contract award.

27. ADMISSIBILITY OF REPRODUCTION OF CONTRACT. Notwithstanding the best evidence rule or any other legal principle or rule of evidence to the contrary, the Contractor acknowledges and agrees that it waives any and all objections to the admissibility into evidence at any court proceeding or to the use at any examination before trial of an electronic reproduction of this contract, in the form approved by the State Comptroller, if such approval was required, regardless of whether the original of said contract is in existence.

APPENDIX B

REQUIREMENTS FOR FEDERALLY-AIDED TRANSPORTATION PROJECTS

(June 2016)

There is a substantial body of requirements attached to the use of Federal highway or transportation aid. These requirements create or overlay processes, procedures, documentation requirements, authorizations, approvals and certifications that may be substantially greater or different from those that are not funded with Federal-aid and proceed under applicable State and local laws, customs and practices. Under Title 23 of the United States Code, the New York State Department of Transportation (NYSDOT) is responsible for the administration of transportation projects in New York State to which NYSDOT provides Federal highway or transportation-related aid. Through this Agreement, which provides or is associated with such funding, NYSDOT delegates various elements of project and funding administration as described elsewhere in this Agreement. In undertaking a Federally aided project, the Municipality/Sponsor, Authority or Project Manager designated under this Agreement with Federal-aid funding or project administration agrees to proceed in compliance with all the applicable Federal-aid requirements.

NYSDOT, in cooperation with FHWA, has assembled the body of Federal-aid requirements, procedures and practices in its Procedures for Locally Administered Federal-Aid Projects Manual (available through NYSDOT's web site at: <http://www.dot.ny.gov/plafap>). In addition, the Municipality/Sponsor, Authority or Project Manager designated under this Agreement for Federal-aid funding or project administration that enters into Federally aided project construction contracts is required to physically incorporate into all its Federally aided construction contracts and subcontracts there under the provisions that are contained in Form FHWA-1273 (available from NYSDOT or electronically at: <http://www.fhwa.dot.gov/programadmin/contracts/1273.htm>).

2. **EQUAL EMPLOYMENT OPPORTUNITY.** In connection with the execution of this Agreement, the Municipality/Sponsors contractors or subcontractors shall not discriminate against any employee or applicant for employment because of race, religion, age, color, sex or national origin. Such contractors shall take affirmative actions to ensure that applicants are employed, and that employees are treated during their employment, without regard to their race, religion, color, sex, national origin or age. Such actions shall include, but not be limited to, the following: employment, upgrading, demotion or transfer; recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship.
3. **DISADVANTAGED BUSINESS ENTERPRISES.** In connection with the performance of this Agreement, the Municipality/Sponsor shall cause its contractors to cooperate with the State in meeting its commitments and goals with regard to the utilization of Disadvantaged Business Enterprises (DBEs) and will use its best efforts to ensure that DBEs will have opportunity to compete for subcontract work under this Agreement. Also, in this connection the Municipality or Municipality/Sponsor shall cause its contractors to undertake such actions as may be necessary to comply with 49 CFR Part 26.

As a sub-recipient under 49 CFR Part 26.13, the Municipality/Sponsor hereby makes the following assurance.

The Municipality/Sponsor shall take all necessary and reasonable steps under 49 CFR Part 26 to ensure nondiscrimination in the award and administration of the United States Department of Transportation-assisted contracts. The New York State Department of Transportation's DBE program, as required by 49 CFR Part 26 and as approved by the United States Department of Transportation, is incorporated by reference in this agreement. Implementation of this program is a legal obligation and failure to carry out its terms shall be treated as a violation of this agreement. Upon notification to the recipient of its failure to carry out its approved program, the USDOT may impose sanctions as provided for under part 26 and may, in appropriate cases, refer the matter for enforcement under [18 U.S.C. 1001](#) and/or the Program Fraud Civil Remedies Act of 1986 ([31 U.S.C. 3801](#) et seq.).

Specific Equal Employment Opportunity Responsibilities

1. GENERAL (a) Equal employment opportunity requirements not to discriminate and to take affirmative action to assure equal employment opportunity, as required by Federal Executive Order 11246, Federal Executive Order 11375, and NYS Executive Law Article 15, are set forth in required Contract Provisions (Form PR-1273 or 1316, as appropriate) and those Special Provisions which are imposed pursuant to Section 140 of Title 23, U.S.C., as established by Section 22 of the Federal-Aid Highway Act of 1968. Non-discrimination and affirmative action are also required by the State Labor Law, Section 220-e, as amended, by Executive Order 162, issued on January 9, 2017 and the Regulations of the NYS Department of Transportation relative to federally-assisted programs (Title 49, Code of Federal Regulations, Part 21 and Section 21.5), including employment practices when the agreement covers a program set forth in Appendix B of the Regulations. The requirements set forth in these Special Provisions shall constitute the specific affirmative action requirements for projects activities under this contract.

(b) The CONSULTANT will work with the STATE and the Federal Government in carrying out equal employment opportunity obligations and in their review of their activities under this contract.

(c) The CONSULTANT and all their sub-consultants and/or sub-contractors holding sub-contracts of \$10,000 or more will comply with the following minimum specific requirements of equal employment opportunity: (The equal employment opportunity requirements of Executive Order 11246, as set forth in Volume 6, Chapter 4, Section 1, Subsection 1 of the Federal-Aid Highway Program Manual, are applicable to contractors and sub-contractors.) The CONSULTANT will include these requirements in every sub-contract with such modification of language as is necessary to make them binding on the sub-contractor.

(d) The CONSULTANT and all their sub-consultants and/or subcontractors shall comply with Executive Order 162, issued on January 9, 2017, requiring quarterly workforce utilization reports, detailing reports of the Consultant and all of their subconsultants, which includes in addition to equal opportunity information, the job and salary of each employee directly performing work on a State contract.

2. EQUAL EMPLOYMENT OPPORTUNITY POLICY

- A. The provisions of Article 15-A of the Executive Law and the rules and regulations promulgated thereunder pertaining to equal employment opportunities for minority group members and women shall apply to the contract.
- B. In performing the contract, the Consultant shall:
 - 1. Ensure that each Consultant and subconsultant – or subcontractor – performing work on the contract shall undertake or continue existing EEO programs to ensure that minority group members and women are afforded equal employment opportunities without discrimination because of race, creed, color, national origin, sex, age, disability or marital status. For these purposes, EEO shall apply in the areas of recruitment, employment, job assignment, promotion, upgrading, demotion, transfer, layoff, or termination and rates of pay or other forms of compensation.
 - 2. The Consultant shall submit an EEO policy statement to the New York State Department of Transportation (NYSDOT) after the date of the notice by the NYSDOT to award the contract to the Consultant as determined by the Department.
 - 3. If the Consultant or any of its subconsultants, does not have an existing EEO policy statement, the NYSDOT may require the Consultant or subconsultant to adopt a model statement consistent with item B.4.a through d of this section.
 - 4. The Consultant's EEO policy statement shall include the following language:
 - a. The Consultant will not discriminate against any employee or applicant for employment because of race, creed, color, national origin, sex, age, disability or marital status, will undertake or continue existing EEO programs to ensure that minority group members and women are afforded equal employment opportunities without discrimination, and shall make and document its conscientious and active efforts to employ and utilize minority group members and women in its workforce.
 - b. The Consultant shall state in all solicitations or advertisements for employees that in the performance of the contract, all qualified applicants will be afforded equal employment opportunities without discrimination because of race, creed, color, natural origin, sex, age, disability or marital status.
 - c. The Consultant shall request each employment agency, labor union, or authorized representative of workers with which it has a collective bargaining or other agreement or understanding, to furnish a written statement that such employment agency, labor union, or representative will not discriminate on the basis of race, creed, color, national origin, sex, age, disability or marital status and that such union or representative will affirmatively cooperate the implementation of the Consultant's obligation herein.
 - d. The Consultant will include provisions of Subdivisions (a) through (c) of this subsection 4 and the paragraph appearing immediately below which provides for relevant provisions of the Human Rights Law, in every

subcontract in such a manner that the requirements of the subdivisions will be binding upon each subconsultant as to work in connection with the contract.

- e. The Consultant shall comply with the provisions of the Human Rights Law, and all other State and Federal statutory and constitutional non-discrimination provisions. The Consultant and its subconsultants shall not discriminate against any employee or applicant for employment because of race, creed (religion), color, sex, national origin, sexual orientation, military status, age, disability, predisposing genetic characteristic, marital status or domestic violence victim status, and shall also follow the requirements of the Human Rights Law with regard to non-discrimination on the basis of prior criminal conviction or prior arrest.

3. EQUAL EMPLOYMENT OPPORTUNITY OFFICER The CONSULTANT will designate and make known to the New York State Department of Transportation contracting officers an Equal Employment Opportunity Officer and a Minority Business Enterprise officer (hereinafter referred to as the EEO Officer and M.B.E. Officer) who will have the responsibility for and must be capable of effectively administering and promoting an active equal employment opportunity program and who must be assigned adequate authority and responsibility to do so.

4. DISSEMINATION OF POLICY (a) All members of the CONSULTANT's staff who are authorized to hire, supervise, promote, and discharge employees, or who recommend such action, or who are substantially involved in such action, will be made fully cognizant of, and will implement, the CONSULTANT's equal employment opportunity policy and contractual responsibilities to provide equal employment opportunity in each grade and classification of employment. To insure that the above agreement will be met, the following actions will be taken as a minimum:

- (1) Periodic meetings of supervisory and personnel office employees will be conducted before the start of work and then not less than once every six months, at which time the CONSULTANT's equal employment opportunity policy and its implementation will be reviewed and explained. The meetings will be conducted by the EEO Officer or other knowledgeable company official.
- (2) All new supervisory (first level of supervision and above) or personnel office employees will be given a thorough indoctrination by the EEO Officer or other knowledgeable company official covering all major aspects of the CONSULTANT's equal employment opportunity obligations within thirty days following their reporting for duty with the CONSULTANT.
- (3) All personnel who are engaged in direct recruitment for the project will be instructed in the CONSULTANT's procedures for locating and hiring minority group employees by the EEO Officer or appropriate company official. (Minority group referred to herein shall mean Black, Hispanic, Asian/Pacific Islander, American Indian/Alaskan.)

(b) In order to make the CONSULTANT's equal employment opportunity policy known to all employees, prospective employees and potential sources or employees, i.e., schools, employment agencies, labor unions (where appropriate), college placement officers, etc., the CONSULTANT will take the following actions:

- (1) Notices and posters setting forth the CONSULTANT'S equal employment opportunity policy will be placed in areas readily accessible to employees, applicants for employment and potential employees.
- (2) The CONSULTANT's equal employment opportunity policy and the procedures to implement such policy will be brought to the attention of employees by means of meetings, employee handbooks, or other appropriate means.

(c) In all solicitations either by competitive bidding or negotiation made by the CONSULTANT for work to be performed under a sub-contract, including procurements of materials or equipment, each potential sub-contractor or supplier shall be notified by the CONSULTANT of the CONSULTANT's obligations under this agreement and the Regulations relative to non-discrimination.

5. RECRUITMENT (a) When advertising for employees, the CONSULTANT will include in all advertisements for employees the notation: "An Equal Opportunity Employer." All such advertisements will be published in newspapers or other publications having a large circulation among minority groups in the area from which the project work force would normally be derived. These advertisements shall state that all qualified applicants will be afforded equal employment opportunity without regard to race, religion, sex, color, national origin, age, disability or marital status.

(b) The CONSULTANT will, unless precluded by a valid bargaining agreement, conduct systematic and direct recruitment through public and private employee referral sources likely to yield qualified minority group applicants, including, but not limited to, State employment agencies, schools, colleges and minority group organizations. To meet this requirement, the CONSULTANT's EEO Officer will identify sources of potential minority group employees, and establish with such identified sources procedures whereby minority group applicants may be referred to the CONSULTANT for employment consideration. In the event the CONSULTANT has a valid bargaining agreement providing for exclusive hiring hall referrals, the CONSULTANT is expected to observe the provisions of that agreement to the extent that the system permits the CONSULTANT's compliance with equal employment opportunity contract provisions. (The U.S. Department of Labor has held that where implementation of such agreements have the effect of discriminating against minorities or women, or obligates the CONSULTANT to do the same, such implementation violates Executive Order 11246.

(c) The CONSULTANT will encourage present employees to refer minority group applicants for employment by posting appropriate notices or bulletins in areas accessible to all such employees. In addition, information and procedures with regard to referring minority group applicants will be discussed with employees.

6. PERSONNEL ACTIONS Wages, working conditions, and employee benefits shall be established and administered, and personnel actions of every type, including hiring, upgrading, promotion, transfer, demotion, layoff, and termination, shall be taken without regard to race, color, religion, sex, national origin, age, disability or marital status. The following procedures shall be followed:

(a) The CONSULTANT will conduct periodic inspections of project sites to insure that working conditions and employee facilities do not indicate discriminatory treatment of project site personnel.

(b) The CONSULTANT will periodically evaluate the spread of wages paid within each classification to determine any evidence of discriminatory practices.

(c) The CONSULTANT will periodically review selected personnel actions in depth to determine whether there is evidence of discrimination. Where evidence is found, the CONSULTANT will promptly take corrective action. If the review indicated that the discrimination may extend beyond the actions reviewed, such corrective action shall include all affected persons.

(d) The CONSULTANT will promptly investigate all complaints of alleged discrimination made in connection with obligations under this agreement, will attempt to resolve such complaints, and will take appropriate corrective action within 15 days. All subsequent corrective actions or decisions will also be documented and forwarded to the NYS Department of Transportation Compliance Officer within 7 days after such action has taken place. If the investigation indicates that the discrimination may affect persons other than the complainant, such corrective action shall include such other persons. Upon completion of each investigation, the CONSULTANT will inform every complainant of the results and all of their avenues of appeal should the complaint be denied.

7. TRAINING AND PROMOTION (a) The CONSULTANT will assist in locating, qualifying and increasing the skills of minority group and women employees, and applicants for employment.

(b) Consistent with the CONSULTANT's work force requirements and as permissible under the Federal and State regulations, the CONSULTANT shall make full use of training programs; i.e., apprenticeship and on-the-job training programs for the geographical area of contract performance. In the event the Training Special Provision is provided under this contract, this subparagraph is superseded thereby.

(c) The CONSULTANT will advise employees and applicants for employment of available training programs and entrance requirements for each.

(d) The CONSULTANT will periodically review the training and promotion potential of minority group and women employees and will encourage eligible employees to apply for such training and promotion.

8. UNIONS If the CONSULTANT relies in whole or in part upon unions as a source of employees, the CONSULTANT will use their best effort to obtain the cooperation of such unions to increase opportunities for minority groups and women within the unions, and, to effect referrals by such unions of minority and female employees. The CONSULTANT will send to each labor union or representative of workers with which he has or is bound by a collective bargaining or other agreement or understanding, a notice to be provided by the State Division of Human Rights, advising such labor union or representative of the CONSULTANT's compliance and with the non-discrimination clauses. Actions by the CONSULTANT, either directly or through a CONSULTANT's association acting as agent, will include the procedures set forth below:

(a) The CONSULTANT will use their best efforts to develop, in cooperation with the unions, joint training programs aimed toward qualifying more minority group members and women for membership in the unions and increasing the skills of minority group employees and women so that they may qualify for higher paying employment.

(b) The CONSULTANT will use their best efforts to incorporate an equal employment opportunity clause into each union agreement to the end that such union will be contractually bound to refer applicants without regard to their race, color, religion, sex, national origin, age, disability or marital status.

(c) The CONSULTANT is to obtain information as to the referral practices and policies of the labor union except that to the extent such information is within the exclusive possession of the labor union, and such labor union refuses to furnish such information to the CONSULTANT. The CONSULTANT shall so certify to the STATE and shall set forth what efforts have been made to obtain such information. Further, if the CONSULTANT was directed to do so by the contracting agency as part of the bid or negotiations of this contract, the CONSULTANT shall request such labor union or representative to furnish him with a written statement that such labor union or representative accepts the non-discrimination clauses and will affirmatively cooperate, within the limits of its legal and contractual authority, in the implementation of the policy and provisions of these non-

discrimination clauses or that it consents and agrees that recruitment, employment and the terms and conditions of employment under this contract shall be in accordance with the purposes and provisions of these non-discrimination clauses. If such labor union or representative fails or refuses to comply with such a request that it furnish such a statement, the CONSULTANT shall promptly notify the State Division of Human Rights and set forth what efforts have been made to obtain such information.

(d) In the event the union is unable to provide the CONSULTANT with a reasonable flow of minority and women referrals within the time limit set forth in the collective bargaining agreement, the CONSULTANT will, through independent recruitment efforts, fill the employment vacancies without regard to race, color, religion, sex, national origin, age, disability or marital status, making full efforts to obtain qualified and/or qualifiable minority group persons and women. (The U.S. Department of Labor has held that it shall be no excuse that the union with which the CONSULTANT has a collective bargaining agreement providing for exclusive referral failed to refer minority employees.) In the event the union referral practice prevents the CONSULTANT from meeting the obligations pursuant to Executive Order 11246, as amended, and these special provisions, such CONSULTANT shall immediately notify the New York State Department of Transportation.

9. AFFIRMATIVE ACTION IN SUBCONTRACTING (a) The CONSULTANT will not discriminate on the grounds of race, religion, sex, color, national origin, age, disability or marital status in the selection of subcontractors, including procurements and leases of equipment.

(b) If the CONSULTANT determines to use a subcontractor as part of this agreement, affirmative action shall be taken to increase the participation of minority business firms in that work. As part of that affirmative action, the CONSULTANT will identify and contact minority business firms and solicit Proposals for the work to be subcontracted. The STATE will provide a list of names of minority business firms to the CONSULTANT. Another source that should be contacted for a list of minority business firms is the Governor's Office of Minority & Women's Business Development (GOMWBD).

(c) The CONSULTANT will document the affirmative action steps taken to comply with paragraph 9b. Such documentation will be provided at the time of submittal of a formal Proposal to the State's Contracts Bureau.

(d) By execution of this agreement, the CONSULTANT certifies that the affirmative action steps in 9a, 9b & 9c above were taken when soliciting Proposals for the work in this agreement indicated to be subcontracted and that these steps will be taken should any work be subcontracted in the future.

(e) The CONSULTANT will insure binding subcontractor and vendor compliance with their EEO obligations. The CONSULTANT will take such actions in enforcing such provisions of such subcontract or purchase order as the contracting agency may direct, including sanctions or remedies for non-compliance. If the CONSULTANT becomes involved in or is threatened with litigation with a subcontractor or a vendor as a result of such direction by the contracting agency, the CONSULTANT shall promptly so notify the Attorney General, requesting him to intervene and protect the interest of the State of New York.

10. RECORDS AND REPORTS (a) The CONSULTANT will keep such records as are necessary to determine compliance with the CONSULTANT's equal employment opportunity obligations. The records kept by the CONSULTANT will be designed to indicate:

- (1) The number of minority and non-minority group members and women employed in each work classification on the project, where required by the NYS D.O.T Compliance Officer.
- (2) The progress and efforts being made in cooperation with unions to increase employment opportunities for minorities and women (applicable only to CONSULTANTS who rely in whole or in part on unions as a source of their work force).
- (3) The progress and efforts being made in locating, hiring, training, qualifying, and upgrading minority and female employees.
- (4) The progress and efforts being made in securing the services of minority group subcontractors or subcontractors with meaningful minority and female representation among their employees.
- (5) Compliance with all other requirements in these provisions such as meetings, instructions, employment efforts, etc.

(b) The CONSULTANT will comply with Sections 291-299 of the Executive Law and Civil Rights Law and will provide all information and reports required by the Regulations, or orders and instructions issued pursuant thereto, and will permit access to its books, records, accounts other sources of information, and its facilities as may be determined by State or Federal officials to be pertinent to ascertain compliance with such Regulations, orders and instructions. All such records must be retained for a period of three years following completion of the contract work and shall be available at reasonable times and places for inspection by authorized representatives of the State and the Federal Highway Administration.

(c) Failure to comply with these Special EEO Provisions may be considered unsatisfactory performance and may subject the agreement to termination under the termination article of this agreement. Non-compliance may result in the CONSULTANT's being declared ineligible for future agreements made by or on behalf of the STATE or a public authority or agency of the STATE, until he satisfies the State Commissioner of Human Rights that he has established and is carrying out a program in conformity with the provisions of these non-discrimination clauses. Such finding shall be made by the State Commissioner of

Human Rights after conciliation efforts by the State Division of Human Rights have failed to achieve compliance with these non-discrimination clauses and after a verified complaint has been filed with the State Division of Human Rights, notice thereof has been given to the CONSULTANT and an opportunity has been afforded them to be heard publicly before the State Commissioner of Human Rights or official designee. Such sanctions may be imposed and remedies invoked independently of or in addition to sanctions and remedies otherwise provided for by law. These may include, but are not limited to:

- (1) withholding of payments to the CONSULTANT under the agreement until the CONSULTANT complies, and/or
- (2) cancellation, termination or suspensions of the agreement in whole or in part.

11. TRAINING SPECIAL PROVISIONS This Training Special Provision supersedes paragraph 7.b above and is in implementation of 23 CFR Subpart A, Section 230.111 & Executive Order 11246.

As part of the CONSULTANT's equal employment opportunity affirmative action program training shall be provided as follows:

The CONSULTANT shall provide on-the-job training aimed at developing full competence in the job classification involved.

The number of months of training to be provided under these special provisions is previously stated in the Agreement.

In the event that the CONSULTANT subcontracts a portion of the contract work, it shall be determined how many, if any, of the trainees are to be trained by the subcontractor, provided however, that the CONSULTANT shall retain the primary responsibility for meeting the training requirements imposed by this special provision. The CONSULTANT shall also insure that this training special provision is made applicable to such subcontract.

The number of trainees shall be distributed among the work classifications on the basis of the CONSULTANT's needs. Along with their Proposal, the CONSULTANT shall submit to the New York State Department of Transportation for approval the proposed number of trainees to be trained in each selected classification, their estimated salaries and a training schedule. The salaries to be paid trainees shall not be less than 75 percent of the average hourly rate approved in the agreement for the classification to be trained. During the period from the beginning of the project to its completion, the trainee shall receive reasonable salary increases commensurate to the abilities and effort exerted by the trainee. The training schedule required should indicate the start of work and appropriate incremental salary steps in accord with the above.

Training and upgrading the proficiency of minorities and women is a primary objective of this Training Special Provision. Accordingly, the CONSULTANT shall make every effort to enroll minority trainees and women (e.g., by conducting systematic and direct recruitment through public and private sources likely to yield minority and women trainees) to the extent that such persons are available within a reasonable area of recruitment. The CONSULTANT will be responsible for demonstrating the steps that have been taken in pursuance thereof, prior to a determination as to whether the CONSULTANT is in compliance with this Training Special Provision. This training commitment is not intended, and shall not be used, to discriminate against any applicant for training, whether a member of a minority group or not.

No employee shall be employed as a trainee in any classification in which they have successfully completed a training program or in a classification in which they have been employed. The CONSULTANT should satisfy this requirement by including appropriate questions in the employee application or by other suitable means. Regardless of the method used, the CONSULTANT's records should document the findings in each case.

The minimum length and type of training for each classification will be as established in the training schedule developed by the CONSULTANT and approved by the State and Federal Highway Administration. The State and the Federal Highway Administration shall approve a program if it reasonably calculated to meet the equal employment opportunity obligations of the CONSULTANT and to assist in qualifying the average trainee toward proficiency in the classification concerned by the end of the training period. Approval of a training program shall be obtained from the State prior to commencing work on the classification covered by the program. Training is permissible in lower level management positions. Some offsite training is permissible as long as the training is an integral part of an approved training program and does not comprise a significant part of the overall training.

The CONSULTANT will be reimbursed for the cost of any and all training under the payment terms of this agreement. This can include offsite training cost as discussed above. All offsite training must be defined in the training schedule. All costs claimed or calculated for training must be directly related to the work defined in the scope of this agreement and/or added by supplemental agreement.

The CONSULTANT must demonstrate their best efforts and evidence good faith in hiring trainees for positions in the classification in which they have completed training.

The CONSULTANT shall furnish the trainee a copy of the program they will follow in the training. The CONSULTANT shall provide each trainee with a certification showing the type and length of training satisfactorily completed.

The CONSULTANT will provide for the maintenance of records and furnish periodic reports documenting their performance under this Training Special Provision.

8.9. Attachment 9: DBE Participation Information

In accordance with the Code of Federal Regulations (CFR), Title 49, Part 26, NYSDOT is required to encourage Proposers to utilize DBE firms in procurements that receive federal funds.

Please complete the following table for the prime firm and all subconsultants (consultant team composition): please identify each firm's legal name, checking if they are a certified DBE by utilizing the NYSUCP DBE Directory, and indicating each firm's percentage of the total salary for the contract. Please keep in mind that only NYSUCP certified DBEs are eligible to count toward attainment of this federally-funded procurement with a DBE participation goal.

Further, participation by a certified DBE prime consultant will count toward DBE participation goal attainment.

If the combined percentage of total contract value for all proposed, certified DBEs is less than the DBE Participation Goal set for this contract (12.85%), then the proposing prime firm is required to fill out and submit the **Participation Solicitation Log (Attachment 10)**, and the **Goal Attainment Explanation Letter**. Further, prime consultants certified as a DBE who propose to meet the Department's DBE participation goal via their meaningful participation, are required to fill out and submit the **Participation Solicitation Log (Attachment 10)** if their outreach efforts result in proposed DBE subconsultant(s).

(Good Faith Effort Documentation)

To be deemed responsive to this solicitation, Consultants whose proposed D/M/WBE/SDVOB participation does not meet the established participation goal must document and report their efforts to solicit participation by certified D/M/WBE in this Non-Architecture/Non-Engineering contract. The **Solicitation Log** is used for this purpose.

PLEASE NOTE: For RFP's with a DBE goal, only participation by NYSUCP certified DBE prime consultants as well as NYSUCP certified DBE subconsultants may count toward goal attainment. For RFP's with MBE, WBE goals and/or SDVOB goals, only consultants or subconsultants certified by New York State Empire State Development and/or New York State Office of General Services SDVOB Program may count toward goal attainment.

Guidance concerning Good Faith Efforts in meeting D/M/WBE/SDVOB participation goals is located at the end of this section.

Guidance Concerning Good Faith Efforts in Meeting D/M/WBE/SDVOB Participation Goals in Federally-Funded Contracts

The following is a list of types of actions that demonstrate good faith efforts in obtaining D/M/WBE/SDVOB participation. This list is not exclusive or exhaustive. The bidder must show that it took all necessary and reasonable steps to achieve a D/M/WBE/SDVOB goal which, by their scope, intensity, and appropriateness to the objective, could reasonably be expected to obtain sufficient D/M/WBE/SDVOB participation, even if they were not fully successful.

- Soliciting through all reasonable and available means (e.g. attendance at pre-bid meetings, utilizing the NYSUCP DBE Directory – <http://www.nysucp.net/> or the ESD M/WBE Directory -<http://www.esd.ny.gov/MWBE.html>) the interest of all certified D/M/WBEs , or the NYS Office of General Services list of certified SDVOBs at <http://ogs.ny.gov/core/sdvoba.asp>, who have the capability to perform the work of the contract. The bidder must solicit this interest within sufficient time to allow the D/M/WBE/SDVOBs to respond to the solicitation. The bidder must determine with certainty if the D/M/WBE/SDVOBs are interested by taking appropriate steps to follow up initial solicitations.
- Selecting portions of the work to be performed by D/M/WBE/SDVOBs in order to increase the likelihood that the D/W/BBE/SDVOB goals will be achieved. This includes, where appropriate, breaking out contract work items into economically feasible units to facilitate D/M/WBE/SDVOB participation, even when the bidder might otherwise prefer to perform these work items with its own forces.
- Providing interested D/M/WBE/SDVOBs with adequate information about the plans, specifications, and requirements of the contract in a timely manner to assist them in responding to a solicitation.
- Negotiating in good faith with interested D/M/WBE/SDVOBs – it is the bidder's responsibility to make a portion of the work available to D/M/WBE/SDVOB subcontractors and suppliers and to select those portions of the work or material needs consistent with the available D/M/WBE/SDVOB subcontractors and suppliers, so as to facilitate D/M/WBE/SDVOB participation. Evidence of such negotiation includes the names, addresses, and telephone numbers of D/M/WBE/SDVOBs that were considered; a description of the information provided regarding the plans and specifications for the work selected for subcontracting; and evidence as to why additional agreements could not be reached for D/M/WBE/SDVOBs to perform the work.
- A bidder using good business judgment should consider a number of factors in negotiating with subcontractors, including D/M/WBE/SDVOB subcontractors, and would take a firm's price and capabilities as well as contract goals into consideration. However, the fact that there may be some additional costs involved in finding a D/M/WBE/SDVOBs is not in itself sufficient reason for failure to meet the contract D/M/WBE/SDVOB goal. Also, the ability or desire to perform the work of a contract with its own organization does not relieve the bidder of the responsibility to make good faith efforts.

- Do not reject D/M/WBE/SDVOBs as being unqualified without sound reasons based on a thorough investigation of their capabilities. The contractor's standing within its industry, membership in specific groups, organizations, or associations and political or social affiliations (for example union versus non-union employee status) are not legitimate causes for the rejection or non-solicitation of bids in the contractor's efforts to meet the project goal.
- Making efforts to assist interested D/M/WBE/SDVOBs in obtaining bonding, lines of credit, or insurance as required by the recipient or contract.
- Making efforts to assist interested D/M/WBE/SDVOBs in obtaining necessary equipment, supplies, materials or related assistance or services.
- Effectively using the services of available minority/women community organizations; minority/women contractors' groups; local, state, and Federal minority/women business assistance offices; and other organizations as allowed on a case-by-case basis to provide assistance in the recruitment and placement of D/M/WBE/SDVOBs.
